BATTALION DANCE SATURDAY NIGHT

The first battalion, Fourth Infantry, gave a delightful entertainment and dance in Lihue Social hall Saturday evening. Owing to bad weather the attendance was not large, but what was lacking in numbers was made up, perhaps, in the excellence of the entertainment.

The decorations were the prettiest seen at Lihue Social hall in a long time, being the handiwork of a committee of first battalion officers and willing assistance. Music was supplied by an Hawaiian orchestra.

The dance was preceded by a picture show in the hall, put on by Wm. Fernandez. A number of excellent, special features were displayed. After the show the hall was cleared and dancing began, lasting to a late hour.

The receipts of the evening were not large but probably covered all expenses and left a small balance for the baseball fund, for the benefit of which the affair was given.

Mrs. Rankin's Bridge

Mrs. G. F. Rankin, Makaweli, most pleasantly entertained thirty-five ladies at bridge on the afternoon of the 15th., the guests coming from Kapaa to Mana. The prize winners were Mrs. F. A. Alexander, Mrs. Oliver and Mrs. Deverill. After the playing the Elele orchestra presented pleasing selections while refreshments were served. The house was beautifully decorated for the occasion. The guests were: Mesdames Danford, Heapy, Hofgaard, Oliver, Knudsen, Birkmyre, Brandt, Lyman, Alexander, Brodie, Brodie, Baldwin, Baldwin, Dunn, Coney, Rice, Putman, Wilcox, Hundley, Truscott, Haldeen, Deverill, Brown, Kahlbaum, Hodge, Bayer, Grote, Edmunson, Cunningham, Roendahl and Miss Marie Anderson.

It is understood that Dr. Hoffmann may shortly be leaving Kealia.

Tax Assessor J. K. Farley and bride are at the former's old home in Ipswich, Mass. They will return to Koloa late in October.

BOY FOUND DEAD BELOW PRECIPICE

Sheriff Rice has received the papers in the case of a coroner's inquiry into the death of one Domingo Salas, a Porto Rican boy aged 12, on the hills above Lawai. From the evidence brought out it appears that the lad went out to gather firewood. He did not return that afternoon nor night and the next day a search was instituted for him. This search was kept up for two days, the body being found finally at the base of a thirty-foot precipice from which he had evidently fallen. The skull was fractured and there were other injuries to head and shoulders.

A number of witnesses were examined but none seemed to know anything further than that the boy left the house for the hills and that the body was found in the position indicated. Dr. Waterhouse, who examined the body shortly after it was found, testified as to the injuries discovered.

The jury returned a verdict to the effect that the lad came to his death as the result of a fall of 30 feet from a rocky precipice, striking and crushing his skull on a rock, dying instantaneously, and due to his own carelessness.

Filipino Attacks Luna

A luna named Christy, employed by the Hawaiian Sugar Co., at Makaweli, was struck with a hoe by a Filipino yesterday morning and so badly injured that he had to be taken to the Makaweli hospital for treatment.

It appears that the Filipino arrived late for work and was reprimanded by the luna. The attack ensued. The Filipino has been arrested and will be given a hearing as soon as the injured man is able to testify against him.

Miss Orner Returns

Miss Inga, Orner a Norwegian singer who visited Kauai last December, returned to Honolulu last week from Australia and will probably tour Kauai again in the near future.

CHILD INJURED BY MAIL AUTO WAGON

Annie Lee, aged 8 or 9, a part Hawaiian and Korean school girl, was struck by the Haealei mail auto, driven by Joseph I. near the residence of Dr. Putman, Lihue, early yesterday afternoon and now lies in a somewhat uncertain condition in the Lihue hospital.

Investigation by the police seemed to show the facts to have been as follows: The car was proceeding toward Lihue and the child going toward Hanamaulu from the Lihue school. When very close the little girl appeared to become confused and ran almost in front of the auto, which at that time was on the right side of the road. Mr. I. hastily veered the car to the left, but the child continued on across in the same direction and was caught by a wheel, and either by accident or a return of mental faculties, managed to get under the car, thereby escaping being run over and crushed.

Mr. I. stopped the machine as quickly as possible, picked up the child and rushed her to the hospital where she was given immediate attention. It was at first thought the injuries were very slight, but later in the evening faint evidences of internal injuries appeared. It will, therefore, probably be a day or two before the fate of the little mite will be definitely known.

Upon leaving the hospital, Mr. I. went straight to Sheriff Rice and reported the accident. No arrest was made, the sheriff deciding to await developments and the results of more complete investigation.

Mr. I. is the mail driver on the Haealei route and is at present a candidate for nomination to the Legislature.

LARRISON DREAMS OF PARK AT KOKEE

Mr. Larrison, the head water man, had the following to say to the Star-Bulletin upon his return to Honolulu last week:

Plans for the conversion of a large area of land in the upper portions of the Waimea-Kekaha section of Kauai into a territorial or even a national park have been studied out by George K. Larrison, superintendent of hydrography, during a recent trip to the Garden Island, and will be presented to Governor Pinkham.

Larrison will present the matter to the governor, however, only as a private citizen might—not through any official capacity as head of the territorial hydrographic work.

"I shall boost this plan as you or any other citizen might," he tells the Star-Bulletin, "because I believe it would be a wonderful thing for the islands."

Spending a few days and nights camping in the very heart of the proposed area, waking up in the morning to read the mercury at 36 degrees—four above freezing—and getting breakfast over a wood fire, the smoke of which lifted straight up into the crisp, cold air, Larrison got his big idea.

"What of all these people in Ho-

Hanamaulu Baseball

The baseball game at Hanamaulu park Sunday afternoon resulted in victory for the P. A. C. team, the score being 6 to 4. Although the J. A. C. team lost, a strong game was put up by that aggregation.

MR. R. L. HUGHES IMPROVED TODAY

Richard L. Hughes, assistant manager of the Kauai Railway, has been extremely ill for a week, although yesterday there was a turn for the better and today his condition seems much improved. He is in the Elele hospital where he is being attended by Dr. Waterhouse.

Mr. Hughes went to the hospital Saturday, last week, suffering from an attack of appendicitis. He was operated on Monday and on Tuesday appeared to be doing very well. On Wednesday, however, symptoms of pneumonia appeared and the following day the temperature of the patient had risen to a point which gave much alarm. Dr. Putman was called in as consulting physician.

The situation remained critical until Sunday when there was a slight change for the better. Restful sleep that night brought further slight improvement yesterday, and last night Dr. Waterhouse reported that the patient was doing well—although, of course, still not entirely out of danger, for such cases are uncertain for several days. Much reliance is placed in the splendid physical trim of Mr. Hughes, which has already aided greatly in the combat upon the ailment with which he is suffering.

Mr. and Mrs. John A. Scott, of Hilo, parents of Mrs. Hughes, were planning to hurry to the bedside of their son-in-law when apprised of the improvement in his condition; and it is now thought that they probably will not come.

Big Republican Rally

The Republicans of Kauai will begin their campaign next Friday evening at 7:30 o'clock when a meeting will be held in Lihue Social hall to which the general public is invited. Speeches will be made by all the Republican candidates for the Legislature, and perhaps other party leaders. A big turnout and interesting discussion are promised.

Much Freight Arrives

The Hyades arrived at Port Allen yesterday morning from the coast and Honolulu, bringing 1200 tons of eastern freight for merchants in the vicinity. She is taking on 7,000 cases of pineapples and 325 tons of sugar, and will sail tonight for Honolulu.

A Farewell Dance

A dance will be given by local friends in Lihue Social hall on the evening of Saturday, October 7, as a farewell to Harry Vincent who will leave a few days later to assume new duties in Honolulu. Invitations will be out this week. The patronesses of the affair will include some of the most prominent ladies of the community.

Engagement Announced

The engagement of Norman E. Bowen, surveyor, and Miss Edna Penniman, teacher in the Lihue school, has been announced. The wedding will take place during or near the Christmas holidays. Miss Penniman arrived here at the first of the year. Mr. Bowen, who is employed by Lihue Plantation Company, is also a new arrival.

Frank Crawford, of Lihue, has returned from his Indiana home to Oregon and is having a great time there, hunting and fishing. He will arrive here at the end of October.

WOMAN WINGED BY TARGET SHOOTERS

Three Filipinos were taken into custody at Waimea on Sunday and at least one of them will be given a hearing today on a shooting charge.

According to the police the Filipinos were shooting with a 22-calibre rifle from a house at a tin can near the beach. Their target was close to a pig pen, and when a Japanese woman went down to feed the pigs she caught a bullet in the arm. According to the best accounts at this writing there was nothing malicious about the affair, although there may have been carelessness. Attorney Patterson has been engaged to defend the accused men. The case came up in the Waimea court yesterday morning and was put over to today.

The handsome opera chairs are being established in the new Tiptop theater, Lihue, and some of the finishing touches put on the stage, etc. A very good idea can now be had of what the interior will look like. The opening of the theater has been somewhat delayed on account of inability to get material on time, but a start of entertainments will likely be possible during October.
